WELCOME

We are very pleased that you have selected to become a student at Gippsland Institute of Technology.

Gippsland Institute of Technology is proud to offer the students from across the globe excellent opportunities to gain the qualification they are looking for.

Gippsland Institute of Technology is at the fantastic locations:

PAKENHAM CAMPUS (Regional Victoria): 4/70 Main Street, Pakenham, Melbourne, Victoria 3810. It is conveniently located close to all public transport services.

MELBOURNE CAMPUS: 15-17 Racecourse Rd, North Melbourne, Victoria, 3051. It is conveniently located close to all public transport services.

Our courses are part of the range of nationally recognised and accredited courses. Our courses are designed to link the needs of industries and are nationally recognized. All training incorporates a one-on-one individual approach to meet the needs and skills level of the student.

Our principal purpose is to provide high quality training and assessment to satisfy student's requirements. Our training courses are AQF nationally recognised and accredited to meet vocational and educational standards.

We draw on our established relationships with industry and other stakeholders to ensure that our courses are appropriate to the demands of our students and consistently meet their expectations. Quality is maintained in compliance with the National VET Regulators Standards for Registered Training Organisation's 2015 and through our Continuous improvement system.

All trainers have relevant industry knowledge and experience and are professional, friendly, supportive, and dynamic individuals!

We want to make you feel as comfortable as possible whilst you undertake your training, so we keep our class sizes small to ensure optimum learning environments. We ensure that all our students receive the in-depth learning and unlimited support they deserve.

Gippsland Institute of Technology encourages enrolment applications from clients of all backgrounds, nationality, gender or culture, including First Nations Peoples. We also encourage applications from people with a disability, academic, language, literacy and numeracy, digital literacy, physical and personal/ welfare support needs. Applicants are encouraged to disclose a disability during enrolment, if they wish to do so.

This International student handbook provides you with a wide range of helpful information about our courses, campus information, assessments and all the relevant policies & procedures and other important matters relating to your studies. It is advisable to keep it with you for any future references.

Gippsland Institute of Technology staff look forward to working with you, helping you with the achievement of your life ambitions and your study goals.

The information in this handbook applies to students undertaking a course at Gippsland Institute of Technology.

AUTOMOTIVE COURSES

AUR30620 CERTIFICATE III IN LIGHT VEHICLE MECHANICAL TECHNOLOGY

AUR30620 Certificate III in Light Vehicle Mechanical Technology

CRICOS COURSE CODE 106297H

COURSE DESCRIPTION

This qualification reflects the role of individuals who perform a broad range of tasks on a variety of light vehicles in the automotive retail, service, and repair industry.

TARGET MARKET

The target market for this course is international students:

- Who possess an appropriate visa that allows them to study at an Australian registered CRICOS provide.
- Who wish to undertake this course to access further study or employment opportunities.
- Who have successfully completed year 12 or secondary studies in their home country or in Australia.
- With little or no vocational experience.
- Who is 18 years of age at course commencement.

COURSE STRUCTURE

Students are required to complete 36 units comprising 20 core and 16 elective units.

CORE UNITS

AURAEA002	Follow environmental and sustainability best practice in an automotive workplace.
AURETR112	Test and repair basic electrical circuits
AURLTD105	Diagnose and repair light vehicle suspension systems.
AURTTB101	Inspect and service braking systems.
AURLTD104	Diagnose and repair light vehicle steering systems.
AURTE104	Inspect and service engines.
AURLTZ101	Diagnose and repair light vehicle emission control systems.
AURETR129	Diagnose and repair charging systems.
AURETR130	Diagnose and repair starting systems.
AURETR123	Diagnose and repair spark ignition engine management systems.
AURLTB103	Diagnose and repair light vehicle hydraulic braking systems.
AURASA102	Follow safe working practices in an automotive workplace.
AURTTK102	Use and maintain tools and equipment in an automotive workplace.
AURETR125	Test, charge and replace batteries and jump-start vehicles.
AURTTA118	Develop and carry out diagnostic test strategies.
AURTTA104	Carry out servicing operations.
AURTTF101	Inspect and service petrol fuel systems.
AURLTE102	Diagnose and repair light vehicle engines.
AURETR131	Diagnose and repair ignition systems.
AURTTTC103	Diagnose and repair cooling systems.

ELECTIVE UNITS

AURTTK001	Use and maintain measuring equipment in an automotive workplace.
AURTTA105	Select and use bearings, seals, gaskets, sealants, and adhesives.

AURTTA017	Carry out vehicle safety inspections.
AURTTD004	Inspect and service suspension systems.
AURTTZ102	Diagnose and repair exhaust systems.
AURETR006	Solder electrical wiring and circuits.
AURTTA125	Diagnose complex faults in vehicle integrated stability control systems.
AURLTQ101	Diagnose and repair light vehicle final drive assemblies.
AURLTQ102	Diagnose and repair light vehicle drive shafts.
AURETR010	Repair wiring harnesses and looms
AURLTX103	Diagnose and repair light vehicle clutch systems.
AURTF105	Diagnose and repair engine forced induction systems.
AURTTC001	Inspect and service cooling systems.
AURTTD002	Inspect and service steering systems.
AURLTB104	Diagnose complex faults in light vehicle braking systems.
AURLTX101	Diagnose and repair light vehicle manual transmissions.

COURSE CURRENCY STATUS: Current

LOCATION

Training and assessment will take place at the Gippsland Institute of Technology at 4/70 Main Street Pakenham, Melbourne Victoria Australia 3810, 15-17 Racecourse Rd, North Melbourne, Victoria, 3051 and 16/14-17 Hogan Court, Pakenham, Melbourne, Victoria, Australia 3810. Students are also required to undertake some training and assessment activities in their own time.

COURSE INTAKES

Intakes throughout the year. Contact the Institute for details.

QUALIFICATION

Upon successful completion of 36 units of competency, the participant will be issued a Nationally Recognised AUR30620 Certificate III in Light Vehicle Mechanical Technology. Where a participant successfully completes some but not all the units of competency in the course, they will be issued a Statement of Attainment indicating the units they have successfully completed.

DELIVERY METHODS

The course is delivered via face-to-face training and independent study. The following techniques are employed during face-to-face delivery depending on the subject matter: trainer demonstrations, power point presentations, individual tasks, research, role plays, practical demonstrations, and group work. The context of the simulated workplace environment will be incorporated into delivery methodologies and student's complete tasks to workplace standards.

Students also undertake independent study and assessment activities in addition to scheduled classes. Examples of activities include undertaking homework set by trainers, research, reading, practicing applying knowledge and skills learnt in class, and preparing for and undertaking out of class assessment tasks.

ASSESSMENT METHODS

Assessment methods used include knowledge questions, reports, research activities and practical demonstrations/ observations. Methods also include simulated workplace environments whereby workplace environments and conditions are simulated and student student's complete tasks to workplace standards.

COURSE DURATION

The Institute offers this course with different term durations and holidays periods to address individual student needs and preferences.

52 weeks including holidays. This includes 46 weeks of term time and 6 weeks' holidays. Term time consists of two 12-week terms and two 11- week terms. Holiday periods include one 2-week Christmas holiday and one two week and two 1- week term holidays.

RESOURCE ENTRY REQUIREMENTS

Students must supply their own laptop with Microsoft Office software e.g., Office 365 Personal that includes Outlook, Word, Excel, PowerPoint, & Publisher. Institute will confirm the software requirements with each student pre-enrolment. Students must supply their own safety shoes with protective toecaps.

PRE-TRAINING REVIEW

To ensure applicants are placed in a suitable course with an appropriate training and assessment strategy, we review applicants existing knowledge, skills, experience, and qualifications. You will be asked to complete this Pre-Training Review form during the enrolment process by providing details of your existing knowledge, skills, experience, and qualifications that are relevant to the course being applied for. This includes an assessment of your numeracy and digital literacy skills. This process helps us determine the most suitable course for you and identify any learning needs you may have and whether we can appropriate support these. Gippsland Institute of Technology will then review this information and respond to you with the outcome of the review.

RECOGNITION OF PRIOR LEARNING (RPL)

Recognition of Prior Learning is the process of formal recognition for skills and knowledge gained through previous learning. You may be eligible for recognition of prior learning for part or all your intended course, based on your previous experiences and learning.

CREDIT TRANSFER

You may be eligible for a credit transfer if you have previously undertaken training through an Australian Registered Training Organisation. Students who have successfully completed whole units of competency with an Australian Registered Training Organisation that are identical to any of those contained within this course can apply for Credit Transfer.

TRAINING PATHWAY

On successful completion of this course students may progress onto the AUR40216 Certificate IV in Automotive Mechanical Diagnosis or other Automotive courses at Certificate IV level.

EMPLOYMENT PATHWAY

Successful completion of this qualification may provide career opportunities as vehicle service technician or vehicle technician or related roles. Successfully completing this course does not guarantee that a graduate will secure a relevant job.

TUITION FEE: \$14,000

Students must supply their own safety shoes with protective toecaps.

PRE-TRAINING REVIEW

To ensure applicants are placed in a suitable course with an appropriate training and assessment strategy, we review applicants existing knowledge, skills, experience, and qualifications. You will be asked to complete this Pre-Training Review form during the enrolment process by providing details of your existing knowledge, skills, experience, and qualifications that are relevant to the course being applied for. This includes an assessment of your numeracy and digital literacy skills. This process helps us determine the most suitable course for you and identify any learning needs you may have and whether we can appropriate support these. Gippsland Institute of Technology will then review this information and respond to you with the outcome of the review.

RECOGNITION OF PRIOR LEARNING (RPL)

Recognition of Prior Learning is the process of formal recognition for skills and knowledge gained through previous learning. You may be eligible for recognition of prior learning for part or all your intended course, based on your previous experiences and learning.

CREDIT TRANSFER

You may be eligible for a credit transfer if you have previously undertaken training through an Australian Registered Training Organisation. Students who have successfully completed whole units of competency with an Australian Registered Training Organisation that are identical to any of those contained within this course can apply for Credit Transfer.

TRAINING PATHWAY

On successful completion of this course students may progress onto the AUR40216 Certificate IV in Automotive Mechanical Diagnosis or other Automotive courses at Certificate IV level.

EMPLOYMENT PATHWAY

Successful completion of this qualification may provide career opportunities as an Automotive Electrical Technician after successfully completing this course does not guarantee a graduate will secure a relevant job.

TUITION FEE: \$14,000

MATERIALS FEE: \$1,250 (Includes cost of learning materials, overalls, and hire of tools).

ENROLMENT FEE: \$250

PAYMENT: On enrolment \$8,500 is payable of which \$250 is a non-refundable enrolment fee. The materials fee is non-refundable after students have commenced their course. \$7,000 is payable one week prior to the commencement of term 3 or to help manage the cost of your study Gippsland Institute of Technology offers a payment by instalments. This means you make small regular payments. Your first payment is required to confirm your enrolment in the course.

RECOGNITION OF PRIOR LEARNING FEE: Refer to Fees and refund procedure for details. All fees indicated are in Australian dollars.

- Who possess an appropriate visa that allows them to study at an Australian registered CRICOS provider.
- Who wish to undertake this course to access further study or employment opportunities.

- Who have successfully completed an automotive mechanical Certificate III qualification at the Gippsland Institute of Technology or at another RTO with the same units of competency as the Institutes' course or be able to demonstrate equivalent competency.
- With little or no vocational experience.
- Who are 18 years of age at course commencement.

COURSE STRUCTURE

Students are required to complete 10 units comprising 1 core and 9 elective units.

CORE UNITS

AURTTA121 Diagnose complex system faults.

ELECTIVE UNITS

AURETR137 Diagnose complex faults in light vehicle safety systems.
 AURLTB104 Diagnose complex faults in light vehicle braking systems.
 AURLTD109 Diagnose complex faults in light vehicle steering and suspension systems.
 AURLTB002 Analyse and evaluate faults in light vehicle braking systems.
 AURLTE104 Diagnose complex faults in light vehicle petrol engines.
 AURLTX104 Diagnose complex faults in light vehicle automatic transmission and driveline systems.
 AURTTA125 Diagnose complex faults in vehicle integrated stability control systems.
 AURTTT101 Diagnose complex faults in engine management systems.
 AURTNA001 Estimate and quote automotive vehicle or machinery modifications.

MEM40119 Certificate IV in Engineering

CRICOS COURSE CODE: 113391G

COURSE DESCRIPTION

This qualification defines the skills and knowledge required for a higher engineering tradesperson within metal, engineering, manufacturing and associated industries.

TARGET MARKET

The target market for this course is international students who:

- Possess an appropriate visa that allows them to study at an Australian registered CRICOS provider.
- Wish to undertake this course to access further study or employment opportunities.
- Have successfully completed year 12 or secondary studies in their home country or in Australia.
- Possess little or no vocational experience.
- Are 18 years of age at course commencement.
- Are comfortable undertaking learning and assessment activities via face to face classes, independent study and work placement.
- Can participate in learning and assessment activities for approximately 26 hours per week over 77 weeks term time (Learners spend different amounts of time on independent learning and assessment activities).
- Are physically fit to complete manual tasks such as: moving objects while applying manual handling techniques.

COURSE STRUCTURE

Students are required to complete units of competency to a value of 132 points must be achieved chosen as outlined below:

- Core units of competency listed below (totalling 33 points)
- Elective units of competency to a minimum value of 12 points from Group A
- Elective units of competency to a maximum value of 87 points from Group B to bring the total value to 132 points.

Core Units

MEM09002	Interpret technical drawing.
MEM11011	Undertake manual handling.
MEM12023	Perform engineering measurements.
MEM12024	Perform computations.
MEM13015	Work safely and effectively in manufacturing and engineering.
MEM14006	Plan work activities.
MEM16006	Organise and communicate information.
MEM16008	Interact with computing technology.
MEM17003	Assist in the provision of on-the-job training.
MEM18001	Use hand tools.
MEM18002	Use power tools/handheld operations.
MSMENV272	Participate in environmentally sustainable work practices.

Elective Units

MEM16001	Give formal presentations and take part in meetings.
MEM16012	Interpret technical specifications and manuals.
MEM16011	Communicate with individuals and small groups.
MEM16014	Report technical information.
MEM16010	Write reports.
MEM05052	Apply safe welding practices.
MEM05085	Select welding processes.
MEM11016	Order materials.
MEM05004	Perform routine oxy fuel gas welding.
MEM05006	Perform brazing and/or silver soldering.
MEM03003	Perform sheet and plate assembly.
MEM05005	Carry out mechanical cutting.
MEM05012	Perform routine manual metal arc welding.
MEM05050	Perform routine gas metal arc welding.
MEM05007	Perform manual heating and thermal cutting.
MEM05049	Perform routine gas tungsten arc welding.
MEM05013	Perform manual production welding.
MEM12007	Mark off/out structural fabrications and shapes.
MEM05037	Perform geometric development.
MEM12006	Mark off/out (general engineering).
MEM07005	Perform general machining.
MEM05090	Weld using manual metal arc welding process.
MEM05089	Assemble fabricated components.
MEM13019	Undertake work health and safety activities in the workplace.
MEM05091	Weld using gas metal arc welding process.
MEM05014	Monitor quality of production welding/fabrications.
MEM05092	Weld using gas tungsten arc welding process.
MEM05094	Repair, replace and/or modify fabrications.
MEM05010	Apply fabrication, forming and shaping techniques.

COURSE CURRENCY STATUS: Current

LOCATION

Training and assessment will take place at the Gippsland Institute of Technology at 4/70 Main Street Pakenham, Melbourne, Victoria, Australia 3810, 15-17 Racecourse Rd, North Melbourne, Victoria, 3051 and 3/7-9 Bormar Drive, Pakenham, Victoria 3810. Students are also required to undertake some training and assessment activities in their own time.

COURSE INTAKES

Intakes throughout the year. Contact the Institute for details.

QUALIFICATION

Upon successful completion of all the units of competency in this course, students will be issued a MEM40119 Certificate IV in Engineering certificate and a Record of results. If a student successfully completes some but not all of the units of competency in the course, they will be issued a Statement of attainment indicating the units they have successfully completed.

DELIVERY METHODS

The course is delivered via face-to-face training and independent study. The following techniques are employed during face-to-face delivery depending on the subject matter: trainer demonstrations, power point presentations, individual tasks, research, role plays, practical demonstrations, and group work. The context of the simulated workplace environment will be incorporated into delivery methodologies and students' complete tasks to workplace standards.

Students also undertake work placement, independent study and assessment activities in addition to scheduled classes. Examples of activities include undertaking homework set by trainers, research, reading, practicing applying knowledge and skills learnt in class, and preparing for and undertaking out of class assessment tasks.

WORK PLACEMENT

Students must undertake a period of work placement in an organisation that addresses course requirements. Work placement is a mandatory course requirement. Students must undertake 440 hours of work tasks that relate to units of competency within the course. There is no minimum number of work placement hours to be completed for each individual unit of competency.

ASSESSMENT METHODS

Assessment methods used include knowledge questions, reports, research activities and practical demonstrations/ observations. Methods also include work placements and simulated workplace environments whereby workplace environments and conditions are simulated and student student's complete tasks to workplace standards.

COURSE DURATION

This course is delivered over 93 weeks. This includes 77 weeks of term time and 16 weeks of holidays.

COURSE HOURS AND COMMITMENT

During term time students attend scheduled face to face classes for 16 hours per week. Face to face classes is scheduled during the day or evening or mixture of both. Day time classes are 8 hours and evening classes are 4 hours in duration. Day classes operate from 8.30am to 5.30pm and evening classes 6.00 to 10.00pm.

Students are required to undertake work placement for 22 weeks at 20 hours per week. Work placement is undertaken during term time.

Independent study is a mandatory part of the course. Students also have the option of attending a supervised study session for 4 hours per week. Total study commitment per week is 26 hours per week (30 hours per week if attending supervised study sessions).

ENTRY REQUIREMENTS

Students must be over 18 years of age at the time of course commencement. Students must secure an appropriate visa that allows them to study in an Australian Registered Training organisation prior to course commencement.

ACADEMIC ENTRY REQUIREMENTS

To gain entry to this course, students must have successfully completed year 12 or secondary studies in applicants home country equivalent to an Australian Year 11* or 12 qualification. (*Subject to the country Assessment Level) and course.

ENGLISH LANGUAGE ENTRY REQUIREMENTS

Applicants for this qualification must have a minimum English language proficiency of IELTS 6.0 (overall band) with not less than 5.5 in any individual component or an equivalent exam result recognised by the Australian Department of Home Affairs. Applicants can also arrange to undertake an English language test with the Institute.

NUMERACY AND DIGITAL LITERACY ENTRY REQUIREMENTS

Applicants for this course should possess numeracy skills of ACSF level 2 and digital literacy skills of level 3. During the enrolment process your numeracy and digital literacy ability is assessed to ensure you can address course requirements.

RESOURCE ENTRY REQUIREMENTS

Students must supply their own laptop with Microsoft Office software e.g., Office 365 Personal that includes Outlook, Word, Excel, PowerPoint, & Publisher. Institute will confirm the software requirements with each student pre-enrolment. Students must supply their own safety boots/ shoes with protective toecaps.

PRE-TRAINING REVIEW

To ensure applicants are placed in a suitable course with an appropriate training and assessment strategy, we review applicants existing knowledge, skills, experience, and qualifications. You will be asked to complete this Pre-Training Review form during the enrolment process by providing details of your existing knowledge, skills, experience, and qualifications that are relevant to the course being applied for. This includes an assessment of your numeracy and digital literacy skills. This process helps us determine the most suitable course for you and identify any learning needs you may have and whether we can appropriately support these. Institute will confirm the software requirements with each student pre-enrolment. Students must supply their own safety shoes with protective toe caps.

PRE-TRAINING REVIEW

To ensure applicants are placed in a suitable course with an appropriate training and assessment strategy, we review applicants existing knowledge, skills, experience, and qualifications. You will be asked to complete this Pre-Training Review form during the enrolment process by providing details of your existing knowledge, skills, experience, and qualifications that are relevant to the course being applied for. This includes an assessment of your numeracy and digital literacy skills. This process helps us determine the most suitable course for you and identify any learning needs you may have and whether we can appropriately support these. Gippsland Institute of Technology will then review this information and respond to you with the outcome of the review.

RECOGNITION OF PRIOR LEARNING (RPL)

Recognition of Prior Learning is the process of formal recognition for skills and knowledge gained through previous learning. You may be eligible for recognition of prior learning for part or all your intended course, based on your previous experiences and learning.

CREDIT TRANSFER

You may be eligible for a credit transfer if you have previously undertaken training through an Australian Registered Training Organisation. Students who have successfully completed whole units of competency with an Australian Registered Training Organisation that are identical to any of those contained within this course can apply for Credit Transfer.

TRAINING PATHWAY

Students who successfully complete this course may progress onto Advanced Diploma of Building and Construction (Management).

EMPLOYMENT PATHWAY

This course provides participants with the skills to obtain the occupational position across various industrial sectors. Job roles and titles vary across these different industry sectors. Possible job titles relevant to this qualification includes Builder, Construction project manager and Self-employed contractor. Completing this course does not guarantee a graduate will secure a relevant job.

APPLYING FOR A COURSE

PRE-ENROLMENT

Students must read this International Student Handbook in full. Students are encouraged to contact Gippsland Institute of Technology at info@git.vic.edu.au or Ph: +61 3 5941 5070 if you are unsure about any information included in this handbook or have any questions. If you have an education agent, they may also be able to assist you with any enquiry.

Students are also encouraged to undertake research on living and studying in Australia prior to submitting an application.

EDUCATION AGENTS

Education agents promote various Australian education programs and institutions internationally and are a good way for students to apply to study in Australia. Agents are experienced in assisting with international student applications and applying for visas. Most speak both English and the local language, so this makes the application process a lot simpler and generally hassle free for students and parents. Most do not charge for their service as they collect a commission from the institution you choose to attend. However, some agents do charge small amounts or offer additional services for which they charge.

MIGRATION AGENTS

A migration agent can assist you in submitting your visa application and communicate with DHA on your behalf, but please note that you do not need to use a migration agent to lodge any kind of visa application.

Please Note: Although able to assist in completing education and visa applications, Education agents are not licensed to provide migration advice.

ACCESS & EQUITY

Gippsland Institute of Technology staff treats all students fairly, equally and without discrimination. All staff activities and practice are guided by our Code of Conduct. Gippsland Institute of Technology provides access and equity to candidates with special learning needs.

As special needs extend to more than identified physical or learning difficulties, our trainers also consider the best approach when dealing with candidates with needs such as low literacy, lack of confidence or non-English speaking background.

Gippsland Institute of Technology trainers take special needs into consideration from the planning stage onwards and adopt delivery and assessment methods as appropriate.

INDIVIDUAL LEARNING NEEDS

Prior to applying to undertake a course, students are encouraged to think about their individual learning needs. Students should then consider all the information provided in this handbook and decide whether the course, training and assessment methods and support mechanisms are appropriate for addressing their individual learning needs. Learning needs can mean different things to different people. Some examples of individual learning needs may relate to/ be the result of:

- Intellectual, psychological, physical, or medical conditions or have vision or hearing impairments.
- Family or personal commitments that impact study.
- Poor experiences encountered when undertaking previous studies at or since leaving school.
- Why you want to undertake the intended course e.g., to access further study or employment opportunities.
- The amount of time you have available to study per week or the duration of time you must complete a course e.g., 1 year.
- Preferred learning style/ s. Some people learn best through reading, listening, or watching, some through working independently as opposed to in groups with others. Some people learn best when completing practical activities and/ or learning on the job. Some people learn best when undertaking a variety of learning methods identified above.
- Existing knowledge, skills, and experience relevant to their intended course of study
- Your existing English language, numeracy and digital literacy skills.

Prior to submitting an enrolment application all students should read this handbook in full. Particular attention should be paid to the sections that outline how Gippsland Institute of Technology and the specific course in which you are interested could address your learning needs. e.g., Read the section on the type of academic support that is available to support students who have problems understanding the terminology in a subject and/ or with homework.

Course information pages provide details on e.g., course aims, course durations and course demand per week, types of learning and assessment methodologies, further study, and employment opportunities on successful course completion. Students should think about whether the course and support mechanisms address their learning needs.

Students should note that course delivery and assessment methodologies, duration and many other aspects of a course can be amended (where feasible) to address individual learning needs.

Students should consider whether the support mechanisms outlined in this handbook are appropriate for supporting their individual learning needs. e.g., Sometimes being provided access to modified training materials address specific needs or being provided extra time to complete a task allows students to appropriately address the assessment requirements.

During enrolment students will be asked to identify any individual learning needs that require support during their course. It is recommended that students provide Gippsland Institute of Technology full details that will enable us to identify whether we can appropriately address your individual needs and if so, how this can be achieved.

Gippsland Institute of Technology encourage students to contact them and discuss any specific learning needs they may have and if/ how these can be supported during their studies.

ENROLMENT PROCESS

To apply for a course please follow the steps outlined below:

1. Read International student handbook in full. Contact the Institute to request access to the policy and procedure manual and review in full.
2. Contact the Director of Studies with any questions and seek clarification on any area relating to your course and enrolment. The Institute encourages all students to do this prior to submitting an enrolment application.
3. Complete the enrolment form on the Institute's website online or download form. Contact the admission team for more information.
4. Sign the Enrolment form to declare that you understand all the information provided and agree to the terms and conditions.
5. Complete the Pre-training review form. This includes an assessment of all applicants' digital literacy and numeracy skills. Sign the form.
6. Applicants who do not possess evidence of their English language ability should contact the Institute to undertake an English language test.
7. Return the Enrolment form and Pre training review along with supporting documentation (e.g., qualification certificates, copy personal details page on passport, evidence of English language ability) to Gippsland Institute of Technology at 4/70 Main Street, Pakenham Melbourne Victoria 3810, or e-mail to info@git.vic.edu.au.
8. Gippsland Institute of Technology will assess your application and notify you of the outcome within 5 working days.
9. If your application is unsuccessful or incomplete Gippsland Institute of Technology will inform you in writing including reasons why the application was unsuccessful or indicate further documentation/ information to be provided.
10. If your application is successful, you will receive a conditional letter of offer.
11. Once all the conditions are met, you will receive a full letter of offer and written agreement.
12. Read the full letter of offer and Written agreement carefully and seek clarification on any area by contacting Gippsland Institute of Technology. The Institute encourages all students to do this prior to returning the Written agreement.
13. If you wish to accept the offer and understand all the relevant information provided, complete and sign the Written agreement to declare that you understand and accept all the information provided and agree to the terms and conditions of the offer.
14. Return the Written agreement along with supporting documentation to Gippsland Institute of Technology at 4/70 Main Street, Pakenham Melbourne Victoria 3810, or e-mail info@git.vic.edu.au.
15. Pay the relevant fees indicated in the Written agreement.
16. Once the completed and signed Written agreement and payment of fees have been received by Gippsland Institute of Technology a Confirmation of Enrolment (CoE) will be forwarded to you along with information on the course start date.
17. Students will use this CoE to secure a student visa.

RECOGNITION OF PRIOR LEARNING (RPL)

All candidates are provided with the opportunity to have their prior learning and experience assessed and gain recognition for this. This experience may have been gained from employment, previous formal training undertaken or life experiences. The RPL process will match a student's experience to the requirements in a unit of competency and assess if recognition can be granted.

Students may apply for RPL by submitting evidence of competency against the unit of competency performance criteria, knowledge, and skills requirements. The RPL Enrolment form is available on request from the Training Manager.

CREDIT TRANSFER

Gippsland Institute of Technology recognises qualifications and statements of attainment issued by other Australian Registered Training Organisations (RTO's). Candidates who have successfully completed whole units of competency contained within one of our courses with another Australian RTO can apply for credit transfer. Credit Transfer applications are processed free of charge.

Both processes allow the candidate to reduce the time and study load associated with achieving a qualification. Students may apply for Credit Transfer by submitting a Credit Transfer Enrolment form along with original certificates/ statements of attainment to the Training Manager. The CT/RPL Enrolment form is available on request from the Training Manager. Further information on the RPL/ CT process can be accessed by contacting the Training Manager.

**** Please note that RPL and CT applications can only be considered for whole units of competency.**

UNIQUE STUDENT IDENTIFIER

From the 1st of January 2015, it is a regulatory requirement that every person undertaking a nationally accredited course at any RTO must secure a Unique Student Identifier (USI).

Gippsland Institute of Technology collects Unique Student Identifier (USI) data from each enrolled student to ensure compliance with this requirement.

Students are requested to supply their USI at enrolment. Students may instruct Gippsland Institute of Technology to collect the USI on their behalf by completing the relevant section on the enrolment form.

Students may source a USI from the following website www.usi.gov.au if they do not already have one at enrolment. Instructions on this website are to be followed. Evidence of identification will be requested during this process.

Certificates and statements of attainment cannot be issued unless a USI has been sourced and verified (unless an exemption applies under the Student Identifiers Act 2014).

Where an exemption described above applies, the RTO informs the student prior to either the completion of the enrolment or commencement of training and assessment, whichever occurs first, that the results of the training will not be accessible through the Commonwealth and will not appear on any authenticated VET transcript prepared by the Registrar.

PRIVACY NOTICE AND USE OF PERSONAL INFORMATION

Gippsland Institute of Technology treats all student personal information confidentially and will not disclose any details to a third party without the student's prior written consent. ******

****Except where required through its commitment to comply with the National Vocational Education and Training Regulator Act 2011 and ESOS Act 2000 and supply student data to the National VET Regulator (ASQA), National Centre for Vocational Education Research (NCVER), Department of Education, Department of Home Affairs (DHA) and other regulatory bodies or to a court of Law.**

**** Personal information may also be disclosed to relevant bodies for the verification of your previous qualifications and to external agencies for the purpose of collecting of unpaid fees due to the institute.=**

As a registered training organisation (RTO), we collect your personal information so we can process and manage your enrolment in a vocational education and training (VET) course with us. We use your personal information to enable us to deliver VET courses to you, and otherwise, as needed, to comply with our obligations as an RTO.

We are required by law (under the National Vocational Education and Training Regulator Act 2011 (Cth) (NVETR Act)) to disclose the personal information we collect about you to the National VET Data Collection kept by the National Centre for Vocational Education Research Ltd (NCVER). The NCVER is responsible for collecting, managing, analysing, and communicating research and statistics about the Australian VET sector. We are also authorised by law (under the NVETR Act) to disclose your personal information to the relevant state or territory training authority.

The NCVER will collect, hold, use, and disclose your personal information in accordance with the law, including the Privacy Act 1988 (Cth) (Privacy Act) and the NVETR Act. Your personal information may be used and disclosed by NCVER for purposes that include populating authenticated VET transcripts; administration of VET; facilitation of statistics and research relating to education, including surveys and data linkage; and understanding the VET market.

The NCVER is authorised to disclose information to the Australian Government Department of Education, Skills and Employment (DESE), Commonwealth authorities, State and Territory authorities (other than registered training organisations) that deal with matters relating to VET and VET regulators for the purposes of those bodies, including to enable:

- Administration of VET, including program administration, regulation, monitoring and evaluation
- Facilitation of statistics and research relating to education, including surveys and data linkage
- Understanding how the VET market operates, for policy, workforce planning and consumer information.

The NCVER may also disclose personal information to persons engaged by NCVER to conduct research on NCVER's behalf.

The NCVER does not intend to disclose your personal information to any overseas recipients.

For more information about how the NCVER will handle your personal information please refer to the NCVER's Privacy Policy at www.ncver.edu.au/privacy.

If you would like to seek access to or correct your information, in the first instance, please contact your RTO using the contact details listed below.

DESE is authorised by law, including the Privacy Act and the NVETR Act, to collect, use and disclose your personal information to fulfil specified functions and activities. For more information about how the DESE will handle your personal information, please refer to the DESE VET Privacy Notice at <https://www.dese.gov.au/national-vet-data/vet-privacy-notice>.

You may receive a student survey which may be run by a government department or an NCVER employee, agent, third-party contractor, or another authorised agency. Please note you may opt out of the survey at the time of being contacted.

At any time, you may contact Gippsland Institute of Technology to:

- Request access to your personal information
- Correct your personal information
- Make a complaint about how your personal information has been handled

STUDYING AT GIPPSLAND INSTITUTE OF TECHNOLOGY

TRAINING GUARANTEE

Gippsland Institute of Technology will take all reasonable steps to ensure we provide a course to a student/s once it has been confirmed. In the unlikely event of Gippsland Institute of Technology being unable to fulfil its commitment to provide a course at the agreed date it will offer the student a full refund or re-schedule the course. Gippsland Institute of Technology takes a collaborative approach with student's and provides support to facilitate the successful completion of their course within agreed timeframes.

Gippsland Institute of Technology implements an effective policy and procedure to ensure that it delivers current AQF training package and accredited courses. This policy and procedure ensure new training package and accredited courses will be implemented within 12 months of their introduction and that students are fully informed of the process and subsequent arrangements.

If for any reason Gippsland Institute of Technology must make any changes to the services that we agreed to provide the student pre-enrolment, we will notify the student as soon as possible in writing. The nature of the change/s along with reason/s will be provided. Students will be notified of the changes and impact on them as soon as practicably possible.

Gippsland Institute of Technology is responsible for complying with the requirements of the VET Quality Framework when delivering Australian Qualification Framework (AQF) courses to students. When delivering Australian Qualification Framework courses to students, Gippsland Institute of Technology will implement considered decisions and actions to ensure that it complies with the requirements of the VET Quality Framework.

STUDENT ORIENTATION

Orientation is conducted before the commencement of your training. Its purpose is to review and confirm the training and assessment processes and responsibilities of the student and Gippsland Institute of Technology during the course. It is also an opportunity for students to ask any last-minute questions.

TRAINING

Training is based on competency standards that outline the skills and knowledge to be applied in the workplace. Training is about assessing existing competence, developing the required competence, and preparing people for assessment against specified competency standards.

All our nationally accredited courses are designed in compliance with the guidelines of the relevant AQF training package. The course content and delivery methodologies accurately reflect the specifications outlined in the relevant AQF training package unit of competency.

Students are provided the opportunity to undertake part/ full time, online, distance, workplace, or a blended delivery mode for most courses. Please refer to course information pages for further details.

Institute could merge two classes into one this change occur as necessary during your time of study at Gippsland Institute of Technology and will result in some changes to the class schedule.

Delivery and learning methodologies are tailored for each particular course to develop candidates' knowledge and skills, so they are able to confidently perform associated tasks in the workplace on completion of their course.

Delivery and learning methodologies may include presentations, individual and group work activities, case studies, individual coaching, and practical demonstrations. Delivery will take place at our campus or in the student's workplace and will involve a mixture of classroom and simulated work-based environments to develop competency.

The safety of all students is of utmost importance. Students must comply with all safety guidelines and protocols when using any tool or equipment during practical training. Students are responsible for any damage or loss of equipment while under their care. They are also responsible for reporting any damage or malfunction of equipment to the trainer. Students may only use the tools and equipment for academic purposes and with the permission of their trainer. Students must properly maintain and clean equipment after use. Students may collaborate with others on academic projects, but each student is responsible for their own safety and use of the equipment.

ASSESSMENT

Student's performance is assessed in accordance with the guidelines outlined in the relevant AQF training package unit of competence. This may be in the form of answering questions in writing, verbally, keeping logbooks or through practical demonstrations of knowledge and skills developed.

Each unit of competency will normally involve two or three assessments and after each assessment student submissions will be marked S – Satisfactory or U – Unsatisfactory. Overall unit results are recorded as C – Competent and NYC – Not Yet Competent.

Students are normally given 3 attempts to demonstrate competency at each assessment. If they are still unable to demonstrate competency at this point, they must re-enrol and undertake the training again. This will incur a fee.

SATISFACTORY COURSE PROGRESS (NATIONAL CODE STD 8)

Gippsland Institute of Technology monitors students course progress and provide assistance if a student is experiencing difficulties and not progressing through their course as per the course schedule.

Access to academic, personal/ welfare and English language supports services is provided to assist students to successfully complete their course within the scheduled duration. Gippsland Institute of Technology may refer students to an external support organisation if they are experiencing personal/ welfare issues that are affecting their course progress.

Students identified as 'at risk' of not maintaining satisfactory course progress will be placed on an intervention strategy to help them achieve satisfactory course progress.

It is a requirement of your student visa to maintain satisfactory course progress. If you do not successfully complete 50% of the scheduled units in your course over two successive study periods you will be reported to Department of Home affairs (DHA) which may lead to cancellation of your student visa. Please refer to the Course progress policy and procedure for further details. Request a copy via email.

ATTENDANCE

Gippsland Institute of Technology staff record student attendance at each session, and this will be recorded in accordance with Gippsland Institute of Technology policy and procedure.

It is a requirement for students to attend all scheduled classes and maintain satisfactory course progress. Gippsland Institute of Technology recognizes that sometimes students may be unable to attend due to unforeseen circumstances. If for any reason a student is unable to attend all or part of a planned session, they are to contact the Training Manager.

Gippsland Institute of Technology will monitor student's attendance and provide appropriate support to facilitate successful course completion within the scheduled duration.

Students who do not attend classes tend to experience course progress issues that impacts their ability to satisfactorily complete the course. Student who are experiencing issues that impact their ability to attend all scheduled classes encouraged to contact their trainer or the student support officer.

If you do not successfully complete 50% of the scheduled units in your course over two successive study periods you will be reported to DHA which may lead to cancellation of your student visa. Please refer to the Course progress policy and procedure for further details. Request a copy from: info@git.vic.edu.au.

If students are absent from an assessment due to illness or other circumstances and they can provide documentation to explain the absence (for example, a medical certificate), students must then arrange a time with the trainer to re-sit/ re-submit any missed assessment.

ACADEMIC SUPPORT

Students who are experiencing difficulties with any aspect of their course are encouraged to contact their trainer or any other member of staff. Our trainers are able to provide academic support to facilitate the successful completion of your course. Students who are experiencing language, literacy and numeracy difficulties during the course can access support from our trainer or we can arrange referral to external support services.

Gippsland Institute of Technology can provide and/ or arrange English language/ academic support including but not limited to:

- Advice and guidance on how to manage the study load,
- Helping students adjust to the learning and assessment process.
- Provide guidance and assistance with addressing homework issues.

- Accessing information on employment rights and conditions, and how to resolve workplace issues, such as through the Fair Work Ombudsman.

EXTERNAL STUDENT WELFARE SUPPORT

Any student who is experiencing personal/ welfare issues that require counselling can access the Gippsland Institute of Technology external welfare counselling service. The student support officer can arrange this.

Whealers Park Medical Centre will provide student welfare services to Gippsland Institute of Technology students who are referred from Gippsland Institute of Technology. Gippsland Institute of Technology will liaise with Wheelers Park Medical Centre, the student and to facilitate the arrangement and provision of counselling services.

Whealers Park Medical Centre will provide counselling for personal/ welfare issues where it has been identified by the student and/ or Gippsland Institute of Technology that the student requires access to counselling services.

Students are liable to pay the fees incurred if they access external welfare support services during their studies at Gippsland Institute of Technology. The Institute will not charge any fees for arranging access to external support services.

EXAMPLES OF ISSUES THAT WILL REQUIRE REFERRAL MAY BE:

- If the student is encountering anxiety/ depression or displaying symptoms of mental health issues
- If the student is experiencing significant difficulties with adjusting to Australia and/ or life without their family support network
- If the student has personal issues around relationships, issues with members of their family that are subsequently negatively impacting the student.
- If the student has issues with drugs or alcohol or some other form of dependency.

Language Literacy, Numeracy and Digital Literacy

Students who experience difficulties with English language are provided support by our student services department. If a student is having difficulty understanding lessons, reading or submitting written work to an appropriate standard, they should be referred to the student services department.

All delivery, assessment and instruction are carried out in English unless otherwise stated. There may be the opportunity available to you for “reasonable adjustment” concerning the assessment process, depending on the level of support you require. Contact the Student services officer for further information.

Applicant’s language, literacy and numeracy (LLN) and digital literacy (DL) ability is assessed during the enrolment process. Where LLNDL needs are identified, research is undertaken to identify the extent of the need and subsequent support requirements. Our delivery and assessment methods can be adjusted to accommodate clients with LLNDL needs where feasible. We provide students access to support services if their LLNDL needs cannot be accommodated by our staff.

Some examples of the type of support that we can offer include:

- Literacy: Providing examples and models of completed tasks. Provide opportunities to practice reading course texts and to discuss these.
- Language: Presenting information in small chunks and speaking clearly, concisely and not too quickly, providing opportunities to practice language skills and provision of constructive feedback.
- Numeracy: Providing clients with calculators, providing tasks to develop numeracy skills.
- Digital literacy: provide help e.g. using Microsoft word, or navigating software e.g. internet explorer, provide demonstrations and explanations on how to use IT hardware e.g. printer, providing access to fact sheets on how to use navigate online reference sources.

RECREATIONAL ACTIVITIES

The Gippsland Institute of Technology arranges sports/ recreational activities for students throughout the year. The sports and recreational activities may include:

- Sports events – Soccer, Tennis, Cricket, AFL, Melbourne Cup
- Festivals – Local Street Music, Arts, and Food Festivals
- Trips to local attractions
- Tour of Melbourne and Surrounds
- Movies – in Gippsland Institute of Technology and/ or at the cinema
- Arranging sports activities – Swimming, Tennis, Badminton, Cricket
- Cultural food nights in the Gippsland Institute of Technology

A list of activities is produced and displayed on the notice boards around the Gippsland Institute of Technology. Students are made aware of the availability of activities during orientation. The student support officer prepares the activities schedule and are the point of contact for students.

Attendance at most events is free apart from those that require an entrance fee to be paid. e.g., attending sporting events

ACADEMIC CONDUCT

Students are also required to adhere to the Gippsland Institute of Technology Code of conduct. If a student is found to have acted in a way that the Gippsland Institute of Technology deems to be misconduct, it may impact their successful completion of the course.

As outlined in the Code of Conduct, students are expected to approach learning and assessment activities ethically. At the Gippsland Institute of Technology our students almost always conduct themselves with integrity and do not engage in cheating, plagiarism, or collusion. Cheating, plagiarism, and collusion can occur over confusion about what the definitions of each are. The following information is intended to provide guidance and prevent their occurrence.

CHEATING

Actions that are defined as cheating during assessment:

- Referring to unauthorized information, phones, and other electronic devices during a closed book assessment
- Gaining assistance from an unauthorised person during the assessment process
- Aiding another person in an assessment (where this is not permitted)
- Falsifying documentation submitted to gain an unfair advantage e.g., in applications for Recognition of Prior Learning and or Credit Transfer
- Other people providing false Third-party reports for assessment purposes.

Cheating in any form during assessments will result in the student's assessment submission being invalidated.

PLAGIARISM

Plagiarism is the submission of somebody else's work as your own. This may include copying all or part of another person's thoughts or ideas and representing them as your own. If a student fails to identify the original source of some or all the submission this also constitutes plagiarism.

If a student copies another Student's work and passes this of as their own, then this is also a form of plagiarism and cheating.

During assessment students will read about ideas and gather information from many sources. When you use these ideas in assignments you must identify who produced them and in what publications they were found. If you do not do this, you are plagiarising. If students include other people's work in submissions e.g., passages from books or websites, then reference should be made to the source.

Submitting work as your own, which in fact has been generated by an artificial intelligence (AI) tool is a form of plagiarism and cheating.

For further information on what constitutes plagiarism please refer to: <http://www.plagiarism.org/> or contact the Training Manager at info@git.vic.edu.au.

Submitting plagiarised work during assessments will result in the student's assessment submission being invalidated.

COLLUSION

Collusion is the presentation by a student of an assignment as his or her own which is in fact the result in whole or in part of unauthorised collaboration with another person or persons. Collusion involves the cooperation of two or more students in plagiarism or other forms of academic misconduct or cheating. Both collusion and plagiarism can occur in group work.

Unauthorised collusion during assessments will result in the student's assessment submission being invalidated.

Cheating and/or plagiarism and/or collusion during assessments will be treated as a breach of the Code of Conduct and is deemed to be 'Academic Misconduct' and may lead to the student being removed from the course and their student visa being cancelled. No refund is available to the student in such circumstances.

All students have access to the Code of conduct and Academic Misconduct Policy and Procedure. The Code of conduct is printed in the student prospectus and student Handbook and a copy of the Academic misconduct policy and procedure is available on request by contacting the Training Manager at any time.

If you have been found to have cheated or plagiarised, there are penalties and processes that are followed. You may be penalised by any of the following ways as:

- Be Reprimanded.
- Be required to repeat the assessment or complete a new assessment task.
- Fail all or part of the assessment.
- Be suspended from studies.
- Have your enrolment cancelled.

COMPLAINTS AND APPEALS

If student's have an issue with any aspect of their training course, they should bring this to the attention of their trainer or another Gippsland Institute of Technology staff member. Gippsland Institute of Technology staff will attempt to resolve this in an informal manner to the students's satisfaction.

If the student is not satisfied with the outcome of the informal complaint, they may lodge a formal complaint by completing the formal complaints and appeals form contained in appendix one of this handbook. This will be dealt with in accordance with the complaints and appeals policy, also located in appendix one of this handbook.

Students have the right to appeal the outcome of a complaint or the outcome of assessment decisions if they are dissatisfied and feel they have been dealt with unfairly. This can be done by completing the complaints and appeals form located in appendix one of this handbook. The appeal will be dealt with in accordance with the complaints and appeals policy and procedure located in appendix one of this handbook.

If submitting a formal complaint or appeal form students must provide reasons and supporting evidence justifying their grounds for the complaint or appeal.

If the student is still dissatisfied by the outcome of an internal appeal, they have the right to the external complaints or appeals process.

An external party to Gippsland Institute of Technology will review the case to identify if Gippsland Institute of Technology has followed the correct process as stated in the complaints and appeals policy in handling the complaint or appeal. The external party does not review the outcome of the complaint or appeal.

Students' have the right to seek advice from and be represented by external parties at any time during the complaints and appeals process. The cost of this will be borne by the student.

The availability of the Gippsland Institute of Technology Complaints and appeals process does not remove students right to protection under Australia's consumer protection laws.

STUDENT FEEDBACK

To ensure we continually improve our training services and facilities Gippsland Institute of Technology encourages students to give us feedback in an informal and formal way. Please approach any member of staff with informal feedback and we would appreciate if you could please take a few minutes at the end of your course to complete the training evaluation form.

If you wish to complain about any aspect of your training and assessment with us, please approach a member of staff with informal complaints or formally by accessing the Complaints and Appeals process. Further information on the Complaints and Appeals policy and procedure is contained within this handbook.

CERTIFICATES, RECORD OF RESULTS AND STATEMENTS OF ATTAINMENT

Gippsland Institute of Technology is responsible for complying with the requirements of the Australian Qualification Framework (AQF) to issue eligible students a Certificate and Record of results or a Statement of attainment.

Gippsland Institute of Technology will issue students a Certificate and Record of results or a Statement of attainment in accordance with its scope of registration. All Certificates, Record of results and Statements of Attainment will meet the requirements of the Australian Quality Framework (AQF). Certificates, Record of results and Statements of Attainment will only be issued to students once all course related fees due to Gippsland Institute of Technology have been fully paid by the student.

Upon successful completion of all the units of competency in their course of study, students will be issued a Certificate and Record of results. A student who successfully completes some but not all the units of competency in their course of study will be issued a Statement of attainment indicating the units they have successfully completed.

Students who successfully complete a qualification with Gippsland Institute of Technology may be able to access job opportunities. However, students should note that successfully completing a course at Gippsland Institute of Technology does not guarantee that they will gain employment in a job role/ industry.

AUSTRALIA

Australia is the world's sixth-largest country by total area and has a population of approximately 23 million people, with most people staying in the 6 major Cities of Melbourne, Sydney, Adelaide, Perth, Brisbane and Darwin.

The country is split into states and territories being Victoria, New South Wales, Queensland, Northern Territory, Western Australia, South Australia, and Tasmania.

Australia has many attractions for international students including the high-quality education system, climate, great lifestyle, sports, beaches, strong industries, and too many is seen as the land of opportunity.

Australia's popularity as an education destination for international students is forecasted to continue in the long term, fuelled by the economy's continued steady growth, high standards of living and lifestyle opportunities among numerous other factors.

Australia is a land of contrasts: sweeping golden beaches, coral reefs rich with marine life, tropical rainforests, mountain ranges, vast grazing lands and sparse deserts.

One of the oldest continents, Australia is the only country to occupy an entire continent. Surrounded by the Indian and Pacific Oceans, Australia has many animals and plants, which are unique on the planet. The surface geology is typically old and flat with a major mountain range stretching down the eastern coast and another mountain range in the northwest of the continent.

VICTORIA

About 36 per cent of Victoria is forest. The Murray is the State's longest river and there are several large inland lakes. Victoria's vast coastline extends over 1600 kilometres, bordering the Southern Ocean and Bass Strait and separating the Australian mainland from Tasmania.

Victoria is the most densely populated of Australia's 8 States and Territories. Some 26 per cent of all Australians live in Victoria and, of those, most reside in Melbourne, the nation's second largest city and capital of this state.

MELBOURNE

Melbourne is a great place to live and study. Melbourne has been consistently ranked as "one of the world's most liveable cities" by the economist intelligence unit (UK). The population is approximately 4.1 million. Melbourne is a sprawling city with suburbs extending up to 50km from the centre of the city.

In 2000 Melbourne was accredited as a "Safe Community" by the world health organization – the first Australian capital city to achieve this standing. Melbourne's residents represent 140 nationalities and speak 151 languages. Thirty percent of Melbourne's total population was born overseas, and Melbourne has the largest population of international students in the country.

Melbourne is the capital of the State of Victoria. It is situated on the Yarra River and around Port Phillip Bay with its beautiful beaches and water sports facilities. It is a beautiful spacious city with all the parks, gardens, sporting venues and scenic places that Australian space and natural resources allow.

Melbourne is a world-renowned cultural, artistic, financial and communications centre served by an international airport, a cargo and passenger seaport, and rail links to neighbouring States. The city is the shopping capital of Australia and offers some of Australia's biggest shopping complexes as well as sophisticated, exclusive boutiques and a host of lively and popular markets.

One quarter of Melbourne's population was born overseas making it one of the world's most multicultural cities. There are now people from 140 nations and 170 cultures living harmoniously together. This broad ethnic mix has brought many benefits to the city including a wide range of cuisines and over 2,300 elegant restaurants, bistros, and cafes. Melbourne has an excellent public transport system with trams, trains and buses providing an extensive network throughout the city and suburbs.

The city centre is on the banks of the Yarra River, 5km from Port Phillip Bay. Melbourne is only a short distance from many beautiful beaches as well as the Victorian mountain regions, where skiing is popular during winter.

The city and surrounding suburbs are well serviced by a public transport network of buses, trains, and trams.

Safe and Friendly

Melbourne is one of the safest cities in the world to live, work and study. The locals are friendly, and the city's multicultural vibe means you'll instantly feel at home here. Whether you're heading out for a bite to eat, exploring the parks and leafy boulevards, or just catching the tram to Gippsland Institute of Technology, you'll always feel secure and welcome.

A Shopper's Paradise

With locally designed originals and the best of international brands to choose from, Melbourne shoppers are spoilt for choice.

A Sporting Capital

Melbourne's sporting calendar is packed with electrifying events. Cheer on your favourites at the Australian Open Tennis Championships, A-League Soccer, Formula 1 Grand Prix and Melbourne Cup Carnival, or head to the Melbourne Cricket Ground for the best Aussie Rules football experience.

Food

The melting pot of cultures in Melbourne is reflected in its restaurants, cafes, bistros, and bars. You can feast on a dizzying spread of the world's great cuisines or just follow your nose down a cobblestoned. Sometimes called the culinary capital of Australia, Melbourne has a vast array of restaurants, offering a variety of international cuisine.

Bustling Chinatown in the heart of the city, serves up the finest of Asian cuisine and culture. Several other Melbourne streets are dedicated to Vietnamese, Japanese, Italian and Greek food - cuisine to suit every palate and many to suit a student's budget.

Culture

Melbourne kicks up its heels all year round, offering everything from opera and Broadway spectaculars to contemporary dance and comedy. The art scene evolves with constant displays at museums, galleries, public art spaces and artist-run venues throughout the city.

Religion

Australia is predominantly a Christian country; however, all religions are represented in our multicultural society. Australians respect the freedom of people to practice their choice of religion. Churches, mosques, temples, and synagogues are in most major cities. Some universities have their own spiritual groups on campus.

Weather

As a rule, Melbourne enjoys a temperate climate with warm to hot summers, mild and sometimes balmy springs and autumns, and cool winters. While Melbourne has a reputation for rain, the city receives less rainfall than either Brisbane or Sydney. Melbourne is an excellent place to see the seasons change. In summer, most people head out to visit our golden beaches. In autumn, experience the glorious foliage of the many European-style parks that fringe the CBD. In winter, enjoy the warmth of cosy cafes and bars. Spring is a time for renewal – a great time to head back into our parks and revel in our beautiful gardens.

Melbourne's climate is mild temperate, with four distinct seasons. Average temperatures in summer are 14-24C, in spring and autumn are 10-20C, and cool winters average 7-14C.

You can check the latest weather conditions, forecasts, and weather warnings at <http://www.bom.gov.au/>

SURROUNDING AREAS TO VISIT

Melbourne is in the Australian state of Victoria. There are lots of unique attractions that are easily accessible as day trips, including:

- The Great Ocean Road and Twelve Apostles
- Thermal spas in Hepburn Springs
- Phillip Island's Penguin Parade
- Yarra Valley wineries
- The snowfields in Victoria's High Country
- Healesville Sanctuary, where you'll come face-to-face with some of Australia's unique native animals.

BRINGING FAMILY

Most student visas allow you to bring your family members to Australia as your dependants (check your individual circumstances DHA website). Family members include your spouse, and you and your spouse's dependent children. Before bringing your spouse or children to Australia, you will have to prove that you can support them financially. The cost of supporting a family in Australia is high. You may have to consider and discuss many issues with your family.

ISSUES TO CONSIDER

Rather than bringing your family together with you to Australia, some students may find it useful to arrive first, settle into studies, find appropriate accommodation, adjust to living in Australia and then arrange for their family to join them.

Before deciding to bring your family to Australia it is important to consider the following issues:

- The cost of airfares for your family to and from Australia.
- Possible higher rent for a larger home.
- Limited employment opportunities for your spouse.
- Extra costs for food, clothing, and other necessities.
- The effect on you and your studies if your family is not happy in Australia.
- Whether your children will adjust to school in Australia.
- Waiting lists for childcare centres; and
- Whether to come alone to Australia first and arrange things for your family or to all come at the same time.

For more information visit: <https://www.homeaffairs.gov.au/Trav>

CHILD CARE

Finding suitable childcare in Australia requires patience and planning. Waiting lists for places in most childcare centres are long.

Many schools offer before- and after-school care programs (usually 7:30am-8:45am and 3:30pm-6:00pm). Children who need these programs must be registered with the school.

SCHOOLS

If you would like to bring your children to Australia with you, you must be aware of the following schooling issues:

1. It is an immigration policy that school-age dependants of international students undertake formal schooling while they are in Australia.
2. You will need to provisionally enrol your child in a school before you leave your home country, and you will normally have to pay the school fees one semester in advance. The school will issue an electronic Confirmation of Enrolment Form (eCoE) stating the program and its duration, so that you can obtain the appropriate visa for your child.
3. The Diplomatic Mission in your country can tell you which State schools are registered to take international students. Fees are usually payable by international students at all State schools.
4. You will be responsible for school fees and other costs including school uniforms, books, excursions, and stationery.
5. When choosing the most appropriate school for your child, it is best to ask questions about the school's curriculum, size, extra-curricular activities, and the size of individual classes.
6. You should also take into consideration the distance from the school to your education institution, the suburb in which you intend to live and the method of transport you plan to use.

HEALTH CARE

Australia has a very good health care system. All Australians pay a Medicare levy (additional tax) to fund the public health system and ensure everyone gets access to public system doctors, hospitals, and other health care services.

MEDICAL ISSUES

From time-to-time people may get sick and need to access medical professionals, hospitals, dentists, and other health related services. All International Students must have Overseas Student Health Cover (OSHC) when they enrol. Students must arrange this themselves with any of several health insurance providers.

OVERSEAS STUDENT HEALTH COVER (OSHC)

International students are required by the Australian government to join a private health insurance scheme. The OSHC premium cover must be paid during enrolment before a student visa is issued. You will need to purchase the OSHC at the same time as paying the course fees. The OSHC entitles you to free hospital cover and will contribute to standard doctor's fees.

It is a visa requirement that all overseas students possess OSHC while they are studying at the institute.

An example of current OSHC fees is:

An example of current OSHC BUPA fees is:

- Single (for 12 months) \$654
- Couple (for 12 months) \$3,796
- Family (for 12 months) \$8,274

Some students may be exempt from enrolling in the OSHC such as students from countries whose governments may have Reciprocal Health Agreements for students in Australia.

Note: only some reciprocal health agreements cover students in Australia, some will only cover visitors. You should determine if you are eligible before you apply for your visa to come to Australia.

ELECTRICITY

The electrical current in Australia is 240/250 volts AC, 50 cycles. The Australian three pin plug is extremely safe. Adaptors are usually required for most foreign appliances. A transformer may be required if you bring an appliance from overseas that operates on a different voltage.

TELEPHONES

Australia has a modern telecommunications system with mobile and internet access generally available at low cost. Public telephones are available at all Post Offices, shopping centres and are often situated on street corners. Public pay phones accept a variety of coins and phone cards.

Phone cards are pre-paid for use in public pay phones and can be bought at many retail outlets in denominations of \$A5, \$A10, \$A20 and \$A50. Credit phones take most major credit cards such as American Express, Visa, MasterCard and Diners International and can be found at international and domestic airports, central city locations and hotels. Mobile phones are very popular and can be purchased from several retailers.

COST OF LIVING IN VICTORIA

BANKS

International students can access free banking from most of the main banks. It's easy and straight forward to open an account by popping into a branch with your passport and student card. The main Australian banks are ANZ, Westpac, Commonwealth and NAB. These can be found throughout the city and suburbs. Once you open an account you will be provided with a bank card so you can access your money through ATM's located throughout the city.

CREDIT CARDS

Credit cards are widely accepted around Australia. The most accepted credit cards are MasterCard and Visa.

CURRENCY

Australia uses a dollars and cents system of decimal currency with 100 cents in a dollar. The bank notes in use are \$5, \$10, \$20, \$50, and \$100. Coins used are the silver coloured 5 cent, 10 cent, 20 cent and 50 cent and the gold coloured \$1 and \$2 coins.

WORKING IN AUSTRALIA

Students can currently work 24 hours per week during the Gippsland Institute of Technology study time and full-time during term breaks. However, work is not always easy to find and under no circumstances can students rely on income earned in Australia to pay course fees. Students are not permitted to work if it interferes with their study.

Family members may also be entitled to work if accompanying students. Please contact the Department of Home Affairs or the Gippsland Institute of Technology for further details. International students tend to secure jobs in the service-based industries although there are no limits to the industry in which you can gain employment. Department of Home Affairs website <https://www.homeaffairs.gov.au/Trav>

EMPLOYEE RIGHTS

Employees in Australia have protections under relevant legislation and regulations. This aim of legislation and regulation is to ensure fair, equal, and safe treatment while you are at work. Information on your rights and protections while working for an Australian employer during your studies can be accessed at:

<https://www.studyinaustralia.gov.au/english/live-in-australia/work/fair-work-ombudsman/provider-toolkit>

The Fair Work Ombudsman promotes harmonious, productive, and cooperative workplaces. They help employees, employers, contractors, and the community to understand and comply with Australia's workplace laws. They provide information and advice, investigate workplace complaints, and enforce Commonwealth workplace laws.

Source: Australian Fair Work Ombudsman website December 2018.

Students must remember the main purpose of their time in Australia is to achieve the qualification in which they have enrolled. Therefore, work, and social commitments must not interfere with achieving a qualification. Work and social activities must be planned around attending scheduled classes and completing homework and assessment requirements.

TAX FILE NUMBER

All workers in Australia need a Tax File Number (TFN). When starting a new job, you need to inform your employer of your TFN by completing a Tax File Number Declaration form; International students pay tax on their earnings; for further information please visit the website: www.ato.gov.au. Students can apply for a tax file number via: <https://www.ato.gov.au/individuals/tax-file-number/apply-for-a-tfn/>. At the end of each financial year (30 June), international students need to lodge their tax return through an accountant.

BUDGETING

You should work out a budget covering accommodation, food, transport, clothing, and entertainment. Childcare, if applicable, should also be considered.

The average international student in Australia spends about \$560 per week on accommodation, food, clothing, entertainment, transport, international and domestic travel, telephone, and incidental costs. School students in Australia typically spend a little less - about \$465 a week - on accommodation and food, entertainment, transport, and associated items. While this is a realistic guide, it is important to remember that individual circumstances will vary by location, course, and lifestyle.

The DHA provide the following guidance to international students - Cost of living per student - \$29,710 per year, plus school tuition fees.

If you are bringing your family, you will need to budget for additional living costs. You will need a minimum of A\$10,394 per year for your spouse and A\$4,449–\$13,502 per year for each child, depending on whether they are school age. If your children are of school age, you will need to budget for school fees and uniforms.

For further information refer to: [Cost of living in Melbourne - Live in Melbourne](#)
[School Fees 2025 - Study Victoria](#)

INITIAL SET UP COSTS:

When you first arrive in Australia you will need to spend money getting settled and setting up various things e.g., accommodation. The following are the approximate costs you will need when you begin your study experience:

- Temporary accommodation (2 weeks) – A\$900
- Food and transport (1 month) – A\$900
- Rent in advance– A\$800.
- Bond (usually 1 month, refundable after leaving) – A\$900+
- Furniture, bedding, and kitchenware – A\$1,400
- Connection charges (for utilities) – A\$250

ACCOMMODATION:

Student Apartments

Living in a student apartment combines the independence you get from living alone with the social aspect of living with fellow international students. Apartment buildings will house students from all nationalities, some of whom may be your classmates, or studying at a school close to you. Apartments will frequently hold social activities encouraging interaction between tenants.

Homestay

Homestay accommodation involves living with an Australian family and adapting to their ways of life. It is a fantastic opportunity for students who wish to immerse themselves in the Australian culture and improve their English. The minimum stay for Homestay accommodation is four weeks and it can be used as either a long-term accommodation option or as a short-term option while you settle in the Australian life.

TEMPORARY ACCOMMODATION:

Hotels, Motels & Backpackers

Generally, the price you pay for accommodation will determine its quality. However, it can be expensive to stay in a good quality motel or hotel for a long period of time. Backpacker accommodation is relatively inexpensive, but you may need to bring your own pillow and sleeping bag if you choose this option.

Backpackers

Generally designed for travellers staying short term, backpacker accommodation can be a great short term (1-2 weeks prior to course commencement) way to familiarise yourself with Melbourne while deciding what longer term accommodation you may like to have. Backpacker hostels generally provide you with a room with a bed. Bathrooms and kitchens are shared amongst all tenants. This creates a highly social environment amongst people from all nationalities

TRANSPORT

Australia has an extensive public transport system that includes trains, buses, tramways, ferries, two major national airlines and several regional airlines. Metropolitan areas are divided into zones and your ticket type and cost depends on which zone you are going to travel in and for how long.

Students may drive in Australia on a valid overseas driver's licence but if the document is not in the English language the visitor must carry a translation with the permit. An international driving licence is not sufficient by itself.

Metered taxicabs operate in all major cities and towns. You will find taxi ranks at transport terminals, main hotels or shopping centres or you can hail taxis in the street. A light and sign on the roof indicate if a cab is vacant. There is a minimum charge on hiring and then a charge per kilometre travelled. Taxi drivers do not have to be tipped.

Melbourne has an efficient public transport system (buses, trains, and trams) in all cities. Many students ride bicycles on campus and some even have their own car for longer travel. There are also train, bus and air services between cities and towns.

The Melbourne Visitor Shuttle (Red Bus) and City Circle (Tram) are a great way to see Melbourne's attractions, and it's free! (Find out more information please go to www.ptv.vic.gov.au)

Now international students cannot access concession rates of travel on the public transport system. To travel, you are required to have the validated ticket. Myki is the smart card ticketing system, it validates for travel on V/Line trains, buses and trams between major regional towns and Melbourne. Find out more information and costs please go to www.myki.com.au

The City of Melbourne and the metropolitan area is split into travel zones and fares are charged depending on which zones you are travelling between.

EXAMPLES OF TRAVEL COSTS ON PUBLIC TRANSPORT

FOOD

Due the diverse nature of Melbourne's population international students has a wealth of cuisines to choose from when eating out and supermarkets buy ethnic food when cooking at home. Main meals in cheaper restaurants cost approximately \$12.00-22.00.

However, this may vary depending on the season, suburb, and quality of the eatery. Fast foods such as McDonald's, KFC, Pizza Hut, Nando's, Subway, Hungry Jacks are also available and generally range from around AUD\$10.00 - AUD\$30.00. Indicative costs of groceries are milk 1 litre \$2.10, bread 1 loaf \$3.50, apples 1 kg \$4.00, potatoes 1 kg \$4.00, eggs 1 dozen \$4.00, cereal 1kg \$3.00, fruit juice 2 litres \$4.00, rice 1 kg \$2.00, fish and meat vary enormously depending on type/ quality.

SOME OTHER INDICATIVE COSTS

Listed below are prices of some items. This is only a guide. Remember that you can shop around for items such as clothing and shoes to find a cheaper source.

Shoes 1 pair \$75.00, Jeans 1 pair \$85.00, Toothpaste 140g \$3.00, Shampoo 500ml \$3.50
T-shirt \$25.00, Hairdresser \$25.00 to \$45.00, Newspaper \$2.50, Cinema ticket \$20.00

STUDENT SAFETY

We are committed to providing a safe, secure, and supportive environment for our students. Security and personal safety are an important issue for everyone and relies on all of us working together. When you are out and about it is important to be alert and aware of your personal safety.

Students are encouraged to report any issues that impact their learning, safety or personal welfare while attending the Gippsland Institute of Technology. Gippsland Institute of Technology will support the student address the issue and/ or take action to prevent the student's wellbeing being impacted by the issue.

Students are also entitled to lodge a complaint about any issue impacting their learning or personal welfare while attending Gippsland Institute of Technology. Complaints can be lodged in accordance with the Complaints and appeals policy and procedure. Copies of the Complaints and appeals policy and procedure and form can be accessed via email from info@git.vic.edu.au.

WHEN ATTENDING GIPPSLAND INSTITUTE OF TECHNOLOGY:

- Gippsland Institute of Technology will be always staffed during day and evening classes and all entrants may be asked for identification.
- Students will be asked to always display identification when entering the premises.
- Visitors are not permitted into the training facilities without express permission from the CEO.
- Please contact the nearest member of staff if you:
 - Feel threatened or unsafe at any time.
 - Have concerns about someone else's behavior.
 - Are worried about someone harming themselves or someone else.
 - Receive unwanted attention or communications.
- Please do not approach another person who is concerning you with their behaviour. Contact the nearest member of staff.
- Students can report issues in person to the Training manager or via email info@git.vic.edu.au.

ATTENDING EVENING OR WEEKEND CLASSES

- When travelling to evening or weekend classes be vigilant as the area can be quieter during the evening and weekends.
- Park your car in a well-lit busy area and close to the building. Don't leave valuables visible in your car. Lock all doors and close all windows upon leaving your car. Consider installing an immobiliser.
- Look outside before you exit the building. Check your car - if you notice anyone hanging around, contact a member of staff or the police.
- Carry your keys in your hand for quick access to your vehicle.

- Pay attention to your surroundings. Look around! If things don't look right, go back inside the building, and contact a member of staff or call the police.
- Always make sure there is someone else in the building that you know (staff, students)
- Walk confidently with a purpose, and at a steady pace.
- Know the telephone numbers of Gippsland Institute of Technology and the Police.
- A mobile telephone may help you feel more secure.
- Create a buddy system for walking to parking lots

http://www.police.vic.gov.au/content.asp?a=internetBridgingPage&Media_ID=57109

In an emergency you can contact the Police, Fire Brigade and Ambulance by dialing 000. The operator will ask for your name and address and other details of the emergency. This call is free of charge but should be used only in an emergency.

If you feel unsafe or threatened at any time, have anything stolen, or are assaulted, you can contact the Police for help and to report the incident.

If you require non-urgent advice or information or need to report a non-urgent matter, like lost property, you should attend or call the local Police Station.

LEGISLATION THAT IMPACTS INTERNATIONAL STUDENTS

LEGISLATIVE FRAMEWORKS

The following information provides and overview of the regulatory frameworks relevant to studying at Gippsland Institute of Technology.

THE NATIONAL VOCATIONAL EDUCATION AND TRAINING REGULATOR ACT 2011

The Australian Skills Quality Authority (ASQA) is the national regulator for Australia's vocational education and training sector. ASQA regulates courses and training providers to ensure nationally approved quality standards are met. The main part of the Act that guides Gippsland Institute of Technology in its activities is the National VET Regulators Standards for Registered Training Organisations 2011.

There are another 3 main parts of the act that impact and guide Gippsland Institute of Technology practice. This sets out the standards and provides guidance on Gippsland Institute of Technology practice. Gippsland Institute of Technology policies and procedures and operating practices are compliant with this regulatory framework. The Framework and relevant Gippsland Institute of Technology policies and procedures will be explained to you during orientation so that you are aware of your role and Gippsland Institute of Technology obligations.

VET QUALITY FRAMEWORK

The Vocational Education and Training sector is heavily regulated because the provision of quality training significantly impacts the economy in general, industry and individuals' lives. Gippsland Institute of Technology operates in several sectors and therefore must operate in compliance with several regulatory frameworks and pieces of legislation including:

The National Vocational Education and Training Regulator Act 2011

VET Quality Framework

- Standards for Registered Training Organisations 2015
- Data Provision Requirements 2012
- Fit & Proper Person Requirements 2011
- Financial Viability Risk Assessment Requirements 2011
- Australian Qualifications Framework.

STANDARDS FOR REGISTERED TRAINING ORGANISATIONS 2015: <http://www.comlaw.gov.au/Details/F2014L01377>

THE VET SECTOR (VOCATIONAL EDUCATION AND TRAINING)

The VET accredited courses being delivered by Gippsland Institute of Technology require Gippsland Institute of Technology to also adhere strictly to the Federal and State bodies which develop and oversee the delivery of the national curriculum. The VET sector is characterised using Competency Based Training – being competent in this context means having the skills, knowledge, and attitudes to be able to perform tasks to pre-established industry standards.

ESOS ACT 2000/2001

The Education Services for Overseas Students Act 2000, or ESOS Act, establishes legislative requirements and standards for the regulation of education and training institutions offering courses to international students in Australia on a student visa. ESOS provides tuition protection for international students.

The *Education Services for Overseas Students Framework (ESOS)* that includes the ESOS Act 2000, ESOS Regulations and National Code and related laws set out the requirements for providers who deliver education services to international students on a student visa.

These laws protect international students and help ensure students meet student visa conditions for attending classes and making satisfactory progress in their studies while in Australia.

<https://internationaleducation.gov.au/regulatory-information/pages/regulatoryinformation.aspx#Information>

THE NATIONAL CODE OF PRACTICE 2018

The National Code is established under the Education Services for Overseas Students (ESOS) Act 2000. To become CRICOS-registered, a provider must demonstrate that it complies with the requirements of the National Code. The National Code is a legislative instrument. It is legally enforceable and breaches of the National Code by providers can result in enforcement under the ESOS Act. This action can include the imposition of conditions on registration or suspension or cancellation of registration. This includes conditions on registration, suspension, or cancellation of registration.

The National Code of Practice complements existing national quality assurance frameworks in education and training including the Standards for RTO's 2015 (for registered vocational education and training providers offering these courses).

THE ESOS FRAMEWORK - STUDENT RIGHTS AND RESPONSIBILITIES

The Australian Government wants overseas students in Australia to have a safe, enjoyable, and rewarding place to study. Australia's laws promote quality education and consumer protection for overseas students. These laws are known as the ESOS framework, and they include the *Education Services for Overseas Students (ESOS) Act 2000* and the National Code 2018.

<https://www.studyinaustralia.gov.au/english/australian-education/education-system/esos-act>

PROTECTION FOR OVERSEAS STUDENTS

As an overseas student on a student visa, you must study with an education provider and in a course that can be found on the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS) <http://cricos.education.gov.au/>. CRICOS registration guarantees that the course and the education provider at which you study meet the high standards necessary for overseas students. Please check carefully that the details of your course - including its location - match the information on CRICOS.

YOUR RIGHTS

The ESOS framework protects your rights, including:

- Your right to receive, before enrolling, current and accurate information about the courses, fees, modes of study and other information from your provider and your provider's agent. If you are under 18, to ensure your safety, you will be granted a visa only if there are arrangements in place for your accommodation, support, and welfare.
- Your right to sign a written agreement with your provider before or as you pay fees, setting out the services to be provided, fees payable and information about refunds of course money. You should keep a copy of your written agreement.

The Tuition Protection Service (TPS) is a placement and refund service for international students, which is activated in the event that your provider is unable to teach your course. Visit the TPS website for more information, at www.tps.gov.au.

The ESOS framework sets out the standards Australian providers offering education and training services to overseas students must meet. These standards cover a range of information you have a right to know and services that must be offered to you, including:

- Orientation and access to support services to help you study and adjust to life in Australia.
- Who the contact officer or officers is for overseas students?
- If you can apply for course credit
- When your enrolment can be deferred, suspended, or cancelled.
- What your provider's requirements are for satisfactory progress in the courses you study and what support is available if you are not progressing well
- If attendance will be monitored for your course
- A complaints and appeals process.

One of the standards does not allow another provider to enrol a student who wants to transfer to another course but who has not completed six months of the final course of study in Australia. If you want to transfer before you have completed six months of your final course, you need your provider's permission.

YOUR RESPONSIBILITIES

As an overseas student on a student visa, you have responsibilities to:

- Satisfy your student visa conditions.
- Maintain your overseas student health cover (OSHC) for the period of your stay.
- Meet the terms of the written agreement with your education provider.
- Inform your provider if you change your address.
- Maintain satisfactory course progress.

- If attendance is recorded for your course, follow your provider's attendance policy, and
- If you are under 18, maintain your approved accommodation, support, and general welfare arrangements.

CONTACT DETAILS

For policies and procedures that affect you:

REFUND TERMS, CONDITIONS AND CLAIMS PROCESS

Definitions

Tuition fees:	Fees paid by the student (or third party) to Gippsland Institute of Technology for training and assessment services provided by Gippsland Institute of Technology.
Materials fee:	Fees paid by the student (or third party) to Gippsland Institute of Technology for training and assessment materials. e.g. for textbooks, learner guides, and assessment materials. For Automotive students, this fee also includes the hire of tools and equipment used for practical learning and assessment activities. The materials fee is non-refundable after students have commenced their course.
Enrolment fee:	Fee paid by the student (or third party) to Gippsland Institute of Technology for the costs of processing a student enrolment application.
Administration fee:	Fee paid by the student (or third party) to Gippsland Institute of Technology if the student withdraws from the course in which they are enrolled and does not enrol in another course at Gippsland Institute of Technology.
Onshore student:	A student who is based in Australia at the time of submitting an enrolment application to Gippsland Institute of Technology.
Offshore student:	A student who is not based in Australia at the time of submitting an enrolment application to Gippsland Institute of Technology.
Course fee:	Course fee is the tuition fee plus the enrolment and materials fees.
Reassessment fee:	Students are permitted three attempts for each assessment task. The re-assessment fee is applied after the student has failed to demonstrate competence in an assessment task after three attempts.
Late payment of fees:	Penalty fee incurred by the student (or third party) for failing to pay Gippsland Institute of Technology tuition fee instalment by the due date.
Re attempt unit fee:	Students who are judged Not Yet Competent in a unit may have to undertake all training and assessment activities again. This re- attempt unit fee will be applied in this situation.
Pro rata unit fee:	Courses have a different number of units. The pro rata fee per unit is calculated by dividing the tuition fee for a course by the number of units in that course. e.g., tuition fee = \$10,000. Course units = 8. Pro rata fee per unit = $10,000 / 8 = \$1,250$.
Change of course fee:	This fee is applied if the student wishes to change from one course to another at Gippsland Institute of Technology after the issuance of a Confirmation of Enrolment.
Course variation fee:	This fee is applied if a student wishes to change the start date of their course at Gippsland Institute of Technology after issuance of the Confirmation of enrolment. The fee is also applied if a student wishes to defer the start date or suspend their studies for a period.
Provider default:	In the unlikely event that the Gippsland Institute of Technology is unable to deliver your course in full, you will be offered a refund of all the unused tuition fees paid to date. The refund will be paid within 2 weeks of the day on which the course ceased being provided.

Alternatively, you may be offered enrolment in a suitable alternative course by the Gippsland Institute of Technology at no extra cost to you. Students have the right to choose whether they prefer a full refund of course fees, or to accept a place in another course.

If you choose placement in another suitable course, we will ask you to sign a document to indicate that you accept the placement. If the Gippsland Institute of Technology is unable to provide a refund or place you in an alternative course our Tuition Protection Service (TPS) is provided.

Student Default: If a student withdraws from a course or has their enrolment cancelled by Gippsland Institute of Technology (e.g., for not maintaining satisfactory course progress, breaching the Gippsland Institute of Technology Code of conduct, not paying fees).

Refund Terms and Conditions

Student withdraws from the course after fees have been paid but before the course commences due to visa refusal.	Full refund of tuition and materials fees paid less administration and enrolment fee.
--	---

--	--

Student withdraws from the course before course commencement (non-visa refusal)	90% of tuition and materials fees paid less administration and enrolment fee.
---	---

Student withdraws from the course on or after the course commencement date.	No refund of current term tuition or materials fees paid or enrolment fee.
---	--

Student in breach of visa conditions and/ or conditions of enrolment as per Written agreement and has enrolment cancelled by Gippsland Institute of Technology	No refund of current term tuition or materials fees paid or enrolment fee.
--	--

Provider default - the provider is unable to offer the course in full.	% Of unused tuition fees paid refunded or enrolment in another suitable course at Gippsland Institute of Technology or Tuition Protection Service (TPS).
--	--

Student notifies Gippsland Institute of Technology in writing that they wish to cancel their enrolment within 7 days of accepting an offer and paying course fees. Only applicable pre-enrolment. (Cooling off period).	Full refund of tuition and materials fees paid less administration enrolment fees.
---	--

The Enrolment fee is non-refundable in all circumstances (except provider default)

Any refunded amount will have an amount deducted for any applicable transaction fees, bank charges and currency exchange fees. Transaction fees, bank charges and currency exchange rates will be applied at the rate charged to Gippsland Institute of Technology.

The Institute may amend tuition and other course related fees during the period of your enrolment. Any fee changes during the period of enrolment will not be applied to existing students. All students will be required to pay tuition and other course related fees as indicated in the Written agreement between the student and the Institute.

REFUND PROCESS

1. Gippsland Institute of Technology provides applicants a 7 day cooling off period. This means that if a student accepts an offer of a place and pays Gippsland Institute of Technology relevant course fees before the course start date, and then changes their mind (for any reason), a full refund of course fees paid to date (minus the enrolment and administration fee) will be provided. Students must notify Gippsland Institute of Technology in writing within 7 days of paying Gippsland Institute of Technology any fees.
2. Refund applications must be made in writing to the Gippsland Institute of Technology. The student refund Enrolment form is available from the Gippsland Institute of Technology, must be used as the written application.
3. Students must contact Gippsland Institute of Technology and request a copy of the student refund Enrolment form. This will be sent to the student's e-mail address or given to them personally.
4. Refunds will be processed within 14 days of receipt of a written application and will include a statement explaining how the refund was calculated.
5. Refunds are made in the same manner fees were paid. e.g., If a student had paid fees through credit card, the refund amount will be credited to the credit card, and the same for other methods of payments.

CALCULATION OF REFUNDS

Refunds will be calculated as follows:

Course fee per week x number of weeks unused course fees the student has paid for at point of withdrawal.

The weekly course fee for the course will be identified by calculating:

Total course fee divided by number of weeks in the course. e.g., Total tuition fee \$1,250/ 10 weeks duration = \$125 per week.

The number of weeks of course that have been paid for but remain unused will be calculated as follows:

The number of weeks course paid for minus the number of scheduled weeks of course completed at point of withdrawal from the course e.g., 10 weeks course paid minus 6 weeks course completed = 4 weeks unused course.

The amount refunded will be the course fee per week x the number of weeks' unused course at point of withdrawal.

e.g., Course fee of \$125 per week x 4 weeks unused course = \$500 refund paid to the student.

Any refunded amount will have an amount of \$140 deducted and any applicable transaction fees, bank charges and currency exchange fees, if they have been incurred before the day of default. Transaction fees, bank charges and currency exchange rates will be applied at the rate charged to the Gippsland Institute of Technology.

TUITION PROTECTION SERVICE

The Gippsland Institute of Technology is a member of the Tuition Protection Service (TPS). This means that the fees paid to the Gippsland Institute of Technology are safeguarded if the Gippsland Institute of Technology defaults on delivering the courses you are enrolled in.

The Tuition Protection Service (TPS) is an initiative of the Australian Government to assist international students whose education providers are unable to fully deliver their course of study. The TPS ensures that international students are able to either:

- Complete their studies in another course or with another education provider or
- Receive a refund of their unspent course fees

In the unlikely event that the Gippsland Institute of Technology is unable to deliver the course you have paid for and does not meet our obligations to either offer you an alternative course that you accept or pay you a refund of your unspent prepaid course fees, the TPS will assist you in finding an alternative course or to get a refund if a suitable alternative is not found.

Prior to a student enrolling fee may be altered without notice. Once a student has completed enrolment, fees will not be subject to change for the normal duration of the course. If a course length is extended by the student, then any fee increases will be required to be paid for the extended component of the course.

There is no obligation on the student, or the Gippsland Institute of Technology until the Written Agreement is signed by all parties, funds have been cleared by the Gippsland Institute of Technology bank and an official receipt is issued by the Gippsland Institute of Technology.

NC STANDARD 5 - UNDER 18'S POLICY

Gippsland Institute of Technology does not enrol students who are under 18 years of age.

NC STANDARD 6- SUMMARY OF CRITICAL INCIDENT POLICY & PROCEDURE

Critical Incidents

A critical incident is defined as a traumatic event, or the threat of such (within or outside Australia), which causes extreme stress, fear or injury'.

Examples of critical incidents are:

- Missing students.
- Severe verbal or psychological aggression.
- Death, serious injury or any threat of these.
- Natural disaster; and
- Issues such as domestic violence, sexual assault, drug, or alcohol abuse.
- Other non-life-threatening incidents may still qualify as critical incidents.

Staff members and/ or students are to contact the CEO immediately if they believe an incident to be deemed a 'critical incident'. If the CEO is unavailable contact the Training Manager. If staff/ students believe it is appropriate to contact emergency services (if a person is injured or the situation requires immediate police intervention, or a fire exists or other) do so immediately and then inform CEO.

The CEO will access and initiate the Critical incident procedure.

The CEO will form a Critical Incident Team consisting of the CEO and appropriate Gippsland Institute of Technology staff to manage the incident.

NC STANDARD 7 – STUDENT TRANSFER POLICY AND PROCEDURE

Under the ESOS Framework, the Gippsland Institute of Technology cannot enrol students seeking to transfer from another Gippsland Institute of Technology before that student has completed 6 months of their principal course of study except in some limited circumstances. If you want to transfer before completing 6 months of your principal course, you need to ask the Gippsland Institute of Technology for a letter of release. The six months is calculated as six calendar months from the first day of your principal course.

The following are examples of criteria that Gippsland Institute of Technology considers for granting a Letter of release:

- Gippsland Institute of Technology is unable to continue to provide the course in which you are enrolled; or
- The student can demonstrate they are experiencing threat to physical or mental health or safety by remaining at Gippsland Institute of Technology and can demonstrate clearly how this will be alleviated through a transfer; or
- You are experiencing academic issues that impact your ability to attend classes and/ or study at present and/ or remain studying the course in which you are enrolled.
- The current course of study is clearly not consistent with documented course requested for in the student's Enrolment application or

- In exceptional compassionate circumstances beyond the student's control, such as serious illness or death of a close family member (independent evidence of the exceptional circumstances is required) and the exceptional compassionate circumstances has led to a permanent change in the student's circumstances that makes continued enrolment inappropriate or
- The student can demonstrate that Gippsland Institute of Technology has breached the terms of the Written agreement or
- The student can provide evidence that they were provided inaccurate or incomplete information by Gippsland Institute of Technology or its Education Agent prior to enrolling in the course.

NC STANDARD 10 - COMPLAINTS AND APPEALS POLICY AND PROCEDURE

If student's have an issue with any aspect of their training course, they should bring this to the attention of their trainer or another Gippsland Institute of Technology staff member. Gippsland Institute of Technology staff will attempt to resolve this in an informal manner to the students' satisfaction. Students can lodge a complaint against any a third-party providing service on Gippsland Institute of Technology behalf, or in relation to our trainers, assessors, fellow students, or others.

If the student is not satisfied with the outcome of the informal complaint, they may lodge a formal complaint by completing the formal complaints and appeals form contained in appendix one of this handbook. This will be dealt with in accordance with the complaints and appeals policy, also located in appendix one of this handbook.

Students have the right to appeal the outcome of a complaint or the outcome of assessment decisions if they are dissatisfied and feel they have been dealt with unfairly. This can be done by completing the complaints and appeals form located in appendix one of this handbook. The appeal will be dealt with in accordance with the complaints and appeals policy and procedure,

If submitting a formal complaint or appeal form students must provide reasons and supporting evidence justifying their grounds for the complaint or appeal.

If the student is still dissatisfied by the outcome of an internal appeal, they have the right to the external complaints or appeals process.

An external party to Gippsland Institute of Technology will review the case to identify if Gippsland Institute of Technology has followed the correct process as stated in the complaints and appeals policy in handling the complaint or appeal. The external party does not review the outcome of the complaint or appeal.

Students' have the right to seek advice from and be represented by external parties at any time during the complaints and appeals process. The cost of this will be borne by the student.

The availability of the Gippsland Institute of Technology Complaints and appeals process does not remove students right to protection under Australia's consumer protection laws.

NC STANDARD 8 - COMPLETION WITHIN SCHEDULED DURATION POLICY AND PROCEDURE

It is a requirement for students to complete their course of study within the scheduled duration as stated on the students Confirmation of Enrolment (COE) and Written agreement with Gippsland Institute of Technology.

In order to achieve this, students must satisfactorily complete all course work and assessment tasks within the scheduled durations. Gippsland Institute of Technology will provide training and assessment and support services to assist students complete their course within the scheduled duration.

Gippsland Institute of Technology can only extend a student's scheduled course duration in limited exceptional circumstances. The student's CoE will be amended if the course duration is extended. Students should note that if their scheduled course duration is extended this may impact their student visa. Students are advised to contact the Department of Home Affairs prior to applying to Gippsland Institute of Technology for an extension to their scheduled course duration.

NC STANDARD 8 - COURSE PROGRESS POLICY AND PROCEDURE

Satisfactory Course Progress

It is a requirement of your student visa to maintain/ achieve satisfactory course progress. If you do not maintain/ achieve satisfactory course progress over two consecutive study periods, you will be reported to DHA. This may lead to cancellation of your visa. Unsatisfactory course progress is defined as failing/ deemed Not Yet Competent in 50% or more of the units in any two consecutive study periods. If this occurs Gippsland Institute of Technology will report, you to DHA.

A study period for each Vocational Education and Training (VET) course is defined as:

➤ AUR30620 - Certificate III in Light Vehicle Mechanical Technology	2 terms
➤ AUR31520 - Certificate III in Automotive Diesel Engine Technology	2 terms
➤ AUR30320 - Certificate III in Automotive Electrical Technology	2 terms
➤ AUR40216 - Certificate IV in Automotive Mechanical Diagnosis:	1 term
➤ MEM40119 - Certificate IV in Engineering	2 term

➤ CPC50220 Diploma of Building and Construction (Building)	1 term

1.11 Being “at risk” of not achieving satisfactory course progress occurs when a student:

- Is assessed as having failed/ deemed Not Yet Competent in the number of units of competence indicated in the Table below, either during or at the end of a study period (refer to each course in the table for further details)
- Is unable to successfully complete a course within the scheduled duration.
- Is assessed as unsatisfactory in one assessment in a pre-requisite unit.
- Is assessed as Not Yet Competent (NYC) in a pre-requisite unit.
- Is identified by a trainer as at risk or at high risk of not achieving satisfactory course progress.

Being ‘at high risk’ of not achieving satisfactory course progress occurs when a student:

- Is assessed as having failed/ deemed NYC in 50% or more of the units in one study period and NYC in the number of units indicate in the table below in the following study period. (Refer to each course in the table below for details)
- Unable to successfully complete a course within the scheduled duration.
- Is identified by a trainer as at high risk of not achieving satisfactory course progress.

Students identified as ‘at risk’ and ‘at high risk’ of not achieving satisfactory course progress will be placed on an intervention strategy to help them achieve satisfactory course progress.

Being assessed as “Not Yet Competent” (NYC) means a student has failed one or more assessment tasks for a unit of competency in the time allocated to deliver the unit.

To have the best chance of maintaining satisfactory progress you must:

- Attend all theory and practical classes and pay attention to the work and activities undertaken in class.
- Study the theory and practice the skills taught in class.
- Ensure that you are present for all assessment activities scheduled by the trainers and
- Make an appointment with the student support officer if you are having any difficulties with your studies.

NC STANDARD 8 – ATTENDANCE POLICY AND PROCEDURE

SATISFACTORY ATTENDANCE

It is a Gippsland Institute of Technology requirement for students to attend all scheduled classes at the times indicated.

Students who fail to achieve satisfactory attendance and subsequently fail to achieve satisfactory course progress will be supported in accordance with the Course progress policy and procedure. If a student fails to achieve satisfactory course progress over two consecutive study periods, they will be reported to DHA/ DoE and may have their student visa cancelled.

NC STANDARD 9 – DEFER, SUSPEND OR CANCEL ENROLMENT POLICY AND PROCEDURE

STUDENT INITIATED DEFERRAL OR SUSPENSION OF ENROLMENT

Students may initiate a request to defer commencement of studies or suspend their studies on the grounds of compassionate or compelling circumstances. Students wishing to defer the commencement of studies or suspend their studies must apply to do so in writing to the Gippsland Institute of Technology using the student deferral, suspension, or cancellation Enrolment form or in writing by email, fax, or post. Full details and documentary evidence of the compassionate or compelling circumstances must be included with the application for it to be considered.

If approved, the Gippsland Institute of Technology will report your deferral of commencement or suspension of studies to DHA which may affect the status of your visa. If you require more information as to how this action may affect your visa status contact your local DHA office or phone the DHA 131 881.

STUDENT CANCELLATION OF ENROLMENT

Cancellation of enrolment will trigger the refund arrangements in the Written Agreement between the Gippsland Institute of Technology and the student. Students who cancel their enrolment and think they are due for a refund must also apply for a refund.

Refund applications must be made in writing to the Gippsland Institute of Technology, Training Manager. The student refund Enrolment form, available from the Gippsland Institute of Technology, may be used as the written application. Written applications for refunds will also be accepted by mail or by email. Refunds will be made within 28 days of receipt of a written application and will include a statement explaining how the refund was calculated.

The Gippsland Institute of Technology will report your cancellation of studies to DHA which may affect the status of your visa. If you require more information as to how this action may affect your visa status contact your local DHA office or phone the DHA 131 881.

GIPPSLAND INSTITUTE OF TECHNOLOGY INITIATED SUSPENSION OR CANCELLATION OF ENROLMENT

The Gippsland Institute of Technology may decide to suspend or cancel a student's enrolment on its own initiative as a response to breaching the student code of behaviour through misbehaviour including unsatisfactory course progress. If the Gippsland Institute of Technology is intending to initiate a suspension or cancellation of enrolment a warning letter will be sent to the student's currently notified address and the student will have 20 working days from the date of the warning letter to complain or appeal against the Gippsland Institute of Technology suspension or cancellation. The Gippsland Institute of Technology will report any suspension or cancellation to DHA which may affect the status of your visa. If you require more information as to how this action may affect your visa status contact your local DHA office or phone the DHA helpline 131 881.

GIPPSLAND INSTITUTE OF TECHNOLOGY DEFERRAL OF COMMENCEMENT

The Gippsland Institute of Technology may also decide to defer the commencement of a course. If the Gippsland Institute of Technology defers the commencement of a course the provider default conditions in the Written Agreement between the Gippsland Institute of Technology and the student will be triggered and the Gippsland Institute of Technology will be obliged to repay all course money within 14 days of the date of deferral unless alternative arrangements can be made which are acceptable to students.

If approved, the Gippsland Institute of Technology will report its deferral of commencement to DOE which may affect the status of your visa. If you require more information as to how this action may affect your visa status contact your local DHA office or phone the DHA 131 881.

Students are encouraged to review all policies and procedures prior to completing and returning this Written agreement and contact Gippsland Institute of Technology with any questions. Contact us at info@git.vic.edu.au to request access to full versions of all Gippsland Institute of Technology policies and procedures.

CHANGE OF ADDRESS

Upon arriving in Australia, you are required to advise the Gippsland Institute of Technology of your residential address and telephone number, email address and of any subsequent changes to your residential address. Students must confirm and update their contact details with Gippsland Institute of Technology (address, mobile phone number and email address if any) at least every 6 months.

It is a requirement of your student visa to always comply with this requirement.
